---

The Monterey Peninsula is home to some of the greatest golf courses in the nation. The OCEANS '16 golf committee has selected the Black Horse course, a par-72 layout which features sweeping vistas of the Monterey Bay and the Pacific Ocean, and is highlighted by fescue-frame fairways, bunkers with distinctive, serrated edges and slickly-contoured greens.

We will have a shotgun start on Sunday September 18 at 1:00 pm. We have reserved spots for 144 players [36 four-man teams] for a scramble tournament. Complimentary appetizers will be served along with a cash bar. In past tournaments many companies have entered 4-man teams for this scramble, but if you don't have a full-team we can make arrangements to complete a team.

Prizes will be awarded for the following: 1. 1st, 2nd, 3rd, 4th and 5th place low teams; 2. Highest score for a team; 3. Individual closest-to-the-pin on all par-3 holes [both men and women]; 4. Individual longest drive [both men and women]; 5. Best dressed team; 6. One or two others as determined by the golf committee.

Supports: Rowe Technologies Inc. [RoweTech] specializes in the design and manufacture of underwater acoustic Doppler products and imaging systems for the oceanographic and hydrographic markets.
